

IDOT PROJECT LABOR AGREEMENT DETERMINATION

To Ann L. Schneider, Secretary
From William R. Frey, Interim Director of Highways
Date: October 29, 2012
Re. FAI Route 57, Contract Number 60V41, Will County
{January 18, 2013}

In accordance with Executive Order 2003-13 (Blagojevich), it is recommended that a project labor agreement (PLA) be utilized for the above-captioned Project. This recommendation is based on the considerations indicated below.

- 1) The Project is being awarded and administered by IDOT (i.e., not by another governmental agency).
- 2) The Project is being constructed using state or local funds only (i.e., no federal funds). {See Attachment A}
- 3) The overall size, scope, sequencing, logistics or other aspects of the Project make it particularly challenging to manage, and use of a PLA is expected to help assure that the construction work is performed properly and efficiently under the circumstances. {See Attachment A}
- 4) The duration of construction activity on the Project is expected to exceed one construction season (i.e., 110 or more working days), or the nature of the Project results in a heightened need for labor force continuity and stability over a substantial period of time. {See Attachment A}
- 5) There is a firm construction completion date established for the Project thereby increasing the adverse consequences of any work stoppage or other labor disruption. {See Attachment A}
- 6) The time required to complete the Project is expected to extend beyond the expiration date of one or more existing collective bargaining agreements covering trades likely to be involved in the Project, thereby increasing the likelihood of work stoppage(s) or other labor disruption(s) during construction of the Project. {See Attachment A}
- 7) In the absence of a PLA, there is an increased likelihood of jurisdictional disputes among unions or of conflict between unionized and non-unionized workers on the Project that could have a potentially material adverse effect on the time, cost, or quality of work performed on the Project.

FAI Route 57
Contract Number 60V41
Will County

8) This project presents specific safety concerns to the traveling public and a PLA, will ensure labor force continuity and stability. decreasing the length of the safety concern

9) Use of a PLA is expected to result in improved access to skilled labor, improved efficiency, or improved safety performance on the Project

10) Use of a PLA on the Project is not expected to have a material adverse effect on the competitive bidding process

11) Use of a PLA on the Project is not expected to have a material adverse effect on the ability of the Department to achieve other Departmental goals (e.g., utilization of disadvantaged businesses, utilization of Illinois domiciled businesses, development of competitive vendor alternatives over time, etc.).

12) There are other material considerations favoring or disfavoring use of a PLA on this Project as follows.

{See Attachment A}

Based upon the identified considerations, we recommend that you approve use of a PLA on this Project. Upon your approval, the Department shall undertake to negotiate in good faith a PLA with the relevant labor organization(s), and shall include in all necessary bid specifications and other documents information regarding the actual or form of PLA that is to binding upon all contractors and their employees.

Agreed:  (Date)
{Division Chief}

Agreed:  12/19/2012 (Date)
{Bureau of Design & Environment}

Agreed:  12-7-12 (Date)
{Regional Engineer}

Approved:  1-14-13 (Date)
Ann L. Schneider, Secretary

FHWA concurrence in the PLA for the above mentioned contract.

Gregory G. Nadeau	12/04/2012
FHWA Deputy Administrator	(see attached approval page)

ATTACHMENT A:

The use of a Project Labor Agreement for Contract 60V41 is consistent with all State and Local statutory and regulatory requirements.

Item 2: This project includes State and Federal funds.

Item 3: Estimated project cost is \$6,100,000.

Any disruption in the continuity of this project due to labor issues would result in delayed deadlines that would cause safety concerns for the travelling public. Lapsing trade contracts during the project would be addressed through the use of a Project Labor Agreement. It is the Illinois Department of Transportation's finding that the large skilled workforce needed for this project can be provided by the union trades involved and is a necessary requirement for a Project Labor Agreement.

Item 5. Contract completion date is October 1, 2013. This completion date is key to avoid any delays for the scheduled follow-on contract, which will include all remaining activities associated with construction of the interchange ramps, reconstruction and widening of Stuenkel Road and associated intersections, construction of drainage improvements, detention areas, and compensatory storage areas, and ancillary work.

Item 8 This project is located in a rural section of the District. The existing road network in the area is sparse. There are no good close alternative routes for motorists in this area for use. Should a strike of any kind occur which resulted in a work stoppage, motorists would be required to drive through the construction zone for a longer period of time than what is planned in the contract. While we use all the current standards and devices for our maintenance of traffic, the work zone can be a dangerous place for drivers. Therefore, use of a PLA will ensure we complete the job in a timely manner, the safest for all motorists who travel this route.

Item 12: The union contract expiration dates are as follows:

Collective Bargaining Agreements

- Chicago Regional Council of Carpenters
 - Local 54 Cook, Lake & DuPage Counties 6-1-10 to 5-31-14
- Cement Masons
 - Local 502 Cook County 6-1-10 to 5-31-13
- Construction and General Laborers' District Council of Chicago & Vicinity
 - Road Building Various Local Unions 6-1-10 to 5-31-13
- Operating Engineers. Local 150

- Heavy, Highway & Underground 6-1-10 to 5-31-13
- Teamsters Joint Council No. 25
 - Local 330 (Elgin) still being negotiated
Under extension agreement
