

STATE OF ILLINOIS
DEPARTMENT OF TRANSPORTATION

Existing Structure:
The structure is a three-span continuous steel structure with a 7.5-inch reinforced concrete deck with no overlay.
The original structure was built in 1958 and is in Section (100 & 100-1) R-84. In 1985, the bridge was widened and redecked, expansion joints were reconstructed, and the superstructure was cleaned and painted. In 1998, the expansion joints were reconstructed and approach slabs were repaired.

Stage construction shall be utilized to maintain traffic during construction.

No salvage.
