## EXPIRATION/RENEWAL OF 404 PERMITS (BDE)

Effective: March 2, 2007

General. The current Army Corps of Engineers 404 Permit included in this contract is set to expire on March 18, 2007. If this contract is not awarded by that date, the Department is responsible for obtaining a new permit and no work subject to a 404 permit shall be started until written notification is given by the Department of a new permit. Furthermore, no long-term lane closures will be allowed during times the work is stopped.

Work subject to the 404 permit includes: cofferdams, channel changes, channel excavation, construction haul roads, work pads, wing dams, riprap placement, bank excavation, and other similar work or activities which modify or otherwise affect waters of the United States, including stream beds, stream banks, and connected wetlands.

The new 404 permits are anticipated to be in place June 1, 2007.

Working Day Contracts. On working day contracts, no working days will be charged when the expired 404 permit affects the controlling item.

Completion Date Contracts. On completion date contracts, the completion date will be extended one day for each day beyond June 1, 2007 that expired 404 permit affects the controlling item.
