Measurement and Payment for Traffic Control and Protection: Traffic control and protection standards 701401, 701402, 701411 and 701451 will be paid for as specified in Article 701.20 of the Standard Specifications, and as amended by these special provisions. The price for these items shall be payment for all labor, materials, transportation, handling and incidental work necessary to furnish, install, maintain, relocate, and remove all traffic control devices, including signs, as shown in the plans and as mentioned in the special provisions unless otherwise specified. Any alterations or increases or decreases in work items by more than 10 percent for which these traffic control items are required will be paid for as specified in Article 701.20(a) of the Standard Specifications.

Items such as temporary concrete barrier and impact attenuators and other items with specific pay items shall be paid for separately. Items not otherwise paid for but shown or described as part of the traffic control and protection shall be included in the cost for the various traffic control and protection items.
