

DIVISION VI – LIGHTING INSTALLATION

ITEM 125100 – ELEVATED RETROREFLECTIVE MARKER

DESCRIPTION

125-1.1 ADD: This item shall consist of the furnishing and installing of Retroreflective apron edge markers to the new final grade and at the locations shown in the Plans, as a completed unit and to the satisfaction of the Resident Engineer. This item shall also include the relocation of Retroreflective markers as shown in the plans.

MATERIALS

125-2.14 ADD:

ELEVATED RETROREFLECTIVER MARKER

The Elevated Retroreflective Marker shall be of the tubular reflective-type, meeting the dimensional and anchoring requirements detailed in the plans. The marker shall comply with FAA Advisory Circular 150/5345-53D Appendix 3 Addendum, Type L-853 – Markers, Retroreflective and FAA Advisory Circular 150/5345-39D Runway and Taxiway Retroreflective Markers. The tube shall be of blue color, extending 14 inches above finished grade. An 18-inch (minimum) anchor shall be furnished and installed into the finished grade, as shown in the plans.

CONSTRUCTION METHODS

125-3.2 GENERAL

ADD: The typical details and dimensions shown in the plans, standard specifications, and these special provisions shall govern the installation of the Retroreflective markers.

CONSTRUCTION METHODS

125-4.2 ADD: The quantities to be paid for under this item shall be the number of new elevated Retroreflective markers installed and accepted by the Resident Engineer as well as the number of relocated elevated Retroreflective markers installed and accepted by the Resident Engineer.

BASIS OF PAYMENT

125-6.1 ADD: If, upon delivery and incorporation of any materials, the Contractor has failed to provide the necessary submittals as required by Sections 50-18, 60-01, 60-03 and 60-11 of the Standard and Special Provisions, the pay item shall not be included on the Construction progress Payment report until such submittals have been furnished.

Payment will be made under:

Item AR125100 – Elevated Retroreflective Marker – per each.

Item AR125106 – Reloc. Elev. Retroreflective Marker – per each.
