CONTRACT NO. 68375

PAVEMENT STATION NUMBERS & PLACEMENT

The contractor shall provide labor to imprint pavement station numbers in the finished surface of the pavement and/or overlay. The numbers shall be approximately 3/4 inch wide, 5 inches high, and 5/8 inch deep.

The pavement station numbers shall be installed as specified herein,
Interval - 200 feet (English stationing)
Bottom of numbers - 6 inches from the inside edge of GENERAL DETAILS
Location:

- 2, 3, & 5 lane pavements - right edge of pavement in direction of increasing stations.
- Multi-lane divided roadways - outside edge of pavement in both directions.
- Ramps - along baseline edge of pavement

Position - stations shall be placed so they can be read from the adjacent shoulder.

Format - English pavement stations shall use the format "xx + xx" where "x" represents the pavement station.

This work will not be paid for separately, but will be considered included in the cost of the associated pavement and/or overlay pay items.

ENVIRONMENTAL REVIEWS

Prior to the use of any proposed borrow areas, use areas (temporary access roads, detours, run-arounds, etc.) and/or waste areas, the Contractor, shall file the required environmental resource reviews according to Section 107.22 of the Standard Specifications in order for the Department to conduct cultural and biological resource surveys for the proposed site.

Prior to any waste materials produced from construction activities being disposed of off the right-of-way, the required environmental resource surveys will need to be obtained and filled by the Contractor. Excess waste products disposed of off the right-of-way shall be completed in accordance with the second paragraph of Section 202.3 of the Standard Specifications. Such disposal sites shall be able to support vegetation within 30 days of completion.

Any protruding metal bars shall be removed prior to the disposal of broken concrete at approved disposal sites.

The required environmental resource documentation shall include the following:

- BDE Form 2289 (Environmental Survey Request)
- A location map showing the size limits and location of the use area
- Signed property owner agreement form
- Color photographs depicting the use area

The Contractor shall be required to allow the Department a minimum of two weeks to obtain the environmental clearances for these sites.
