

# Illinois Department of Transportation

2300 South Dirksen Parkway / Springfield, Illinois / 62764

July 8, 2008

SUBJECT: South Arsenal Road  
Project ACHPP-HPP-4060(002)  
Section 08-00039-00-FP (Wilmington)  
Will County  
Contract No. 63066  
Item 97A  
August 1, 2008 Letting

## TO PROSPECTIVE BIDDERS:

In accordance with your request, we have sent you plans and/or a proposal for the subject improvement.

To clarify information it is necessary to revise the following:

## PROPOSAL:

1. Revised the Table of Contents to add Army Corps of Engineers Permit.
2. Added Army Corps of Engineers Permit (pages 40a, 40b, and 40c).

Prime contractors must utilize the enclosed material when preparing their bid and must include any Schedule of Prices changes in their bidding proposal. Bidders using computer-generated bids are cautioned to reflect any and all Schedule of Prices changes, if involved, into their computer programs.

Since the proposal sheets are printed back to back, bidders are cautioned to exercise care when inserting revised and/or added special provisions into their proposals.

Please call 217-782-7806 if any of the above-described material is not included in this transmittal.

Very truly yours,

Eric Harm  
Interim Engineer of Design  
and Environment

**SUBJECT: Proposed Reconstruction of South Arsenal Road over Jordan Creek located in  
Wilmington, Will County, IL.**

Sheryl Puracchio  
City of Wilmington  
11665 S Water Street  
Wilmington, Illinois 60481

Dear Ms. Puracchio:

The U.S. Army Corps of Engineers, Chicago District, has completed its review of your notification for authorization under the Regional Permit Program (RPP), submitted on your behalf by James Shaw of ESI Consultants, Ltd. This office has verified that your proposed activity of filling 0.024 acres within Jordan Creek for the reconstruction of South Arsenal Road complies with the terms and conditions of Regional Permit RP 3 (Transportation Projects) and the overall RPP under Category I of the Regional Permit Program dated April 1, 2007. The activity may be performed without further authorization from this office provided the activity is conducted in compliance with the terms and conditions of the RPP.

**This verification expires three (3) years from the date of this letter and covers only your activity as described in your notification prepared by Parsons. Caution must be taken to prevent construction materials and activities from impacting waters of the United States beyond the scope of this authorization. If you anticipate changing the design or location of the activity, you should contact this office to determine the need for further authorization. This permit does not authorize temporarily stockpiling material within waters of the U.S.**

This verification does not obviate the need to obtain all other required Federal, state, or local approvals before starting work. Please note that Section 401 Water Quality Certification has been issued by IEPA for this RP. Enclosed are the IEPA Section 401 Water Quality Certification conditions. If you have any questions regarding Section 401 certification, please contact Mr. Bruce Yurdin at IEPA's Division of Water Pollution Control, Permit Section #15, by telephone at (217) 782-3362.

For a complete copy of the RPP program or any additional information on the RPP program, please access our website: [www.lrc.usace.army.mil/co-r](http://www.lrc.usace.army.mil/co-r). Once you have completed the

authorized activity, please sign and return the enclosed compliance certification. If you have any questions, please contact Mr. Ron Abrant of my staff by telephone at (312) 846-5536 or email at ron.j.abrant@usace.army.mil.

Sincerely,

Keith L. Wozniak  
Chief, West Section  
Regulatory Branch

**PERMIT COMPLIANCE  
CERTIFICATION**

Permit Number: LRC-2008-87

Permittee: City of Wilmington  
11665 S Water Street  
Wilmington, Illinois 60481

Date of Issuance: **JUL 08 2008**

I hereby certify that the work authorized by the above-referenced permit has been completed in accordance with the terms and conditions of said permit and that compensatory wetland mitigation was completed in accordance with the approved mitigation plan.<sup>1</sup>

\_\_\_\_\_  
PERMITTEE

\_\_\_\_\_  
DATE

Upon completion of the activity authorized by this permit and any mitigation required by the permit, this certification must be signed and returned to the following address:

U.S. Army Corps of Engineers  
Chicago District, Regulatory Branch  
111 North Canal Street, 6th Floor  
Chicago, Illinois 60606-7206

Please note that your permitted activity is subject to compliance inspections by Corps of Engineers representatives. If you fail to comply with this permit, you may be subject to permit suspension, modification, or revocation.

<sup>1</sup> If compensatory mitigation was required as part of your authorization, you are certifying that the mitigation area has been graded and planted in accordance with the approved plan. You are acknowledging that the maintenance and monitoring period will begin after a site inspection by a Corps of Engineers representative or after thirty days of the Corps' receipt of this certification. You agree to comply with all permit terms and conditions, including additional reporting requirements, for the duration of the maintenance and monitoring period.
