# GENERAL NOTES

## ENVIRONMENTAL REVIEWS

Prior to the use of any proposed borrow areas, use areas (temporary access roads, detours, run-arounds, etc.) and/or waste areas, the Contractor shall file the required environmental resource request surveys according to Section 107.22 of the Standard Specifications. These surveys are required in order for the Department to conduct cultural and biological resource surveys for the proposed site.

Prior to any waste materials being removed from the construction site the required environmental resource surveys will need to be obtained and filed by the Contractor. Excess waste products removed from the construction site shall be disposed of as required in Section 202.03 of the Standard Specifications.

Any protruding metal bars shall be removed prior to the disposal of broken concrete at approved disposal sites.

The required environmental resource documentation shall include the following:

- \* BDE Form 2289 (Environmental Survey Request)
- \* A location map showing the size limits and location of the use area
- \* Signed property owner agreement form
- \* Color photographs depicting the use area

Please note that a minimum of two weeks shall be allowed for the District to obtain the required environmental clearances.

## JOB SPECIFIC NOTE

Note 1: Building Removal No. 1 includes the removal of:

- \* Sheds 1-4 (Including foundation if any)
- \* Mailbox
- \* Existing Landscaping/Planting Bed
- \* Concrete Driveway
- \* Propane Tank
- \* Concrete Slab & Wood Slab in Carport/Garage
- \* Debris
- \* Two Satalline Dish
- \* Power Pole

within the removal limits shown on the plans. This work will not be paid for separately, but shall be included in the cost of BUILDING REMOVAL NO. 1.

Note 2: The Septic Tank needs to be probed to determine its location.

Note 3: All other trees not specified to be removed on the plans shall remain.

Note 4: All disturbed areas shall be leveled, seeded and mulched.
