APPROVED	<i>July 3</i>	2013
	<i>Stanford Deans</i>	
	LOCAL AGENCY OFFICIAL	CITY OF CHILlicothe
PASSED	<i>07-10</i>	2013
	<i>Ray Garcia</i>	
	DISTRICT ENGINEER OF LOCAL	ROADS AND STREETS
RELEASING FOR BID BASED ON LIMITED REVIEW	<i>July 11</i>	2013
	DEPUTY DIRECTOR OF HIGHWAYS,	REGION FOUR ENGINEER
	STATE OF ILLINOIS	DEPARTMENT OF TRANSPORTATION

**PRINTED BY THE AUTHORITY
OF THE STATE OF ILLINOIS**

GENERAL NOTES

- The locations of existing water mains, gas mains, sewers, electric power lines, telephone lines and other utilities as shown on the plans are based on careful field investigation and the best information available, but they are not guaranteed. Unless elevations are shown --- all utility locations shown on the plans are based on the approximate depth supplied by the utility company. It shall be the Contractor's responsibility to ascertain their exact location from the utility companies and by field inspection.
- All work shall be in accordance with the "Standard Specifications For Road And Bridge Construction" adopted January 1, 2012, and the latest edition of the "Illinois Manual On Uniform Traffic Control Devices For Streets And Highways" in effect on the date of invitation for bids.
- Access must be maintained to all existing properties during construction per Article 107.09 unless arrangements are made in writing by the Contractor with the property owners with a copy to the Engineer for short-term closures.
- Erosion control practices shall be followed at all times in accordance with the latest "Standards And Specifications For Soil Erosion And Sediment Control".
- The material used for construction of permanent aggregate driveways shall be gravel or crushed stone, as directed by the Engineer, to replace in kind the existing aggregate driveways. No additional compensation shall be provided for this requirement but shall be considered as included in the cost of the pay item for the aggregate as specified on the plans.
- The Contractor shall provide traffic control in conformance with the "Manual On Uniform Traffic Control Devices For Streets And Highways", State of Illinois, and Section 107.14 of the Highway Standards. Barricades and other required traffic control shall be considered incidental to the contract.
- The City of Chillicothe Public Works Department will relocate any stop signs or regulatory signs as needed. The contractor shall coordinate the relocations as required. The cost of coordinating the relocations shall be considered as included in the cost of PCC Sidewalk 4".
- All elevations shown on the plans are established from U.S.C.S. mean sea level datum.
- Trees and shrubs not labeled on the plans for removal shall be saved unless Engineer or his assigned determines that construction operations prohibit saving. Shrub and bush removal shall be considered incidental to the contract.
- Water valves shall be adjusted to grade as needed by the city of Chillicothe public works department. The contractor shall coordinate the adjustments as required. The cost of coordinating the adjustments shall be considered as included in the cost of PCC Sidewalk 4".
