(8) Acceptance Samples and Certification

One quart (liter) component samples of each lot of paint produced for use on state or local agency projects shall be submitted to the Department for testing, together with a manufacturers certification. Their certification shall state that the formulation for the lot represented is essentially identical to that used for qualification testing. All acceptance samples shall be taken by a representative of the Illinois Department of Transportation. The aluminum epoxy mastic paint shall not be used until all tests are completed and they have met the requirements as set forth herein.

Method of Measurement: Limits of the area to be painted are determined by the exposed reinforcement after the loose concrete has been removed. The limits of the area to be painted and measured for payment shall be 3 inches (75 mm.) beyond the exposed reinforcement in all directions.

Basis of Payment: This work shall be paid for at the contract unit price per **Lump Sum** for CLEANING AND PAINTING EXPOSED REBAR. This shall include all equipment and labor necessary to remove loose concrete.

404 PERMIT

DEPARTMENT OF THE ARMY
CORPS OF ENGINEERS, ROCK ISLAND DISTRICT
PO BOX 2004 CLOCK TOWER BUILDING
ROCK ISLAND, ILLINOIS 61204-2004

September 19, 2024

Regulatory Division

SUBJECT: CEMVR-RD-2024-1054

Ms. Trisha Thompson
Illinois Department of Transportation
819 Depot Avenue
Dixon, Illinois 61021

Dear Ms. Thompson:

Our office has reviewed your application received September 18, 2024, concerning the proposed repairs to the Interstate 80 bridge decks over the Rock River in Section 35, Township 18 North, Range 1 East in Rock Island County, IL.

Your project is authorized under Department of the Army, Section 10, Nationwide Permit No. 03 - Maintenance, provided you meet the Nationwide Permit terms and conditions. Fact Sheet No. 9 (IL) including the Illinois Regional Conditions and the Section 401 Water Quality Certification issued by the Illinois Environmental Protection Agency (ILEPA) can be found on the Rock Island District Regulatory Webpage at: <https://www.mvr.usace.army.mil/Missions/Regulatory.aspx>. The Corps has made a determination of no effect on federally threatened and endangered species and/or critical habitat under Section 7 of the Endangered Species Act. In accordance with Section 106 of the National Historic Preservation Act, the Corps has made a determination of no effect to historic properties. The decisions regarding these actions are based on information found in the administrative record, which document the District's decision-making process, the basis for the decision, and the final decision. Special conditions associated with this permit will be listed below and must also be adhered to.

Please contact our office if the project plans change and there are different impacts caused by dredged or fill material into Corps' regulated waters. This may require modification of your Department of the Army Section 10 authorization.

This verification is valid until March 14, 2026, unless the nationwide permit is modified, reissued, or revoked. It is your responsibility to remain informed of changes to the nationwide permit program. We will issue a public notice announcing any changes if and when they occur. Furthermore, if you commence or are under contract to commence this activity before the date the nationwide permit is modified or revoked,

Added December 2, 2024

- 2 -

you will have twelve months from this date to complete your activity under the present terms and conditions of this nationwide permit.

This authorization does not eliminate the requirement that you must still obtain other applicable Federal, state, and local permits. If you have not already coordinated your project with the Illinois Department of Natural Resources (ILDNR), please contact them by telephone at 217/782-6302 or bill.milner@illinois.gov to determine if a floodplain development permit is required for your project. Also contact the ILDNR at 217/785-5500 or <https://dnr2.illinois.gov/EcoPublic/> to consult on potential impacts to state listed species or other state protected natural resources. You may contact the IEPA Facility Evaluation Unit at 217/782-3397 to determine whether additional authorizations are required from the IEPA. Please send any electronic correspondence to EPA.401.bow@illinois.gov.

You are required to complete and return the enclosed "Completed Work Certification" form in accordance with General Condition No. 30 of the nationwide permit program. If the property associated with this verification is sold, the enclosed "Transfer of Nationwide Permit Verification" form may be completed in accordance with General Condition No. 29.

The Rock Island District Regulatory Division is committed to providing quality and timely service to our customers. In an effort to improve customer service, please take a moment to complete our Customer Service Survey found on our web site at <https://regulatory.ops.usace.army.mil/ords/f?p=136:4> (Be sure to select "Rock Island District" under the area entitled: Which Corps office did you deal with?).

Should you have any questions, please contact me by letter, telephone at 309-215-5570 or email at Albert.J.Frohlich@usace.army.mil.

Sincerely,

Albert J. Frohlich
Project Manager, Western Branch
