

Revised 7-1-94

Designer Note: Use when reconstructing/building-up existing driveways with aggregate. Always provide same type replacement material as existing (aggregate, concrete or bituminous) type. Revised Article 7-1-94.

### **AGGREGATE FOR DRIVEWAY REPLACEMENT**

The material used for construction of permanent aggregate driveways shall be gravel or crushed stone, as directed by the Engineer, to replace in kind the existing aggregate driveways.

No additional compensation shall be provided for this requirement but shall be considered as included in the cost of the pay item for the aggregate as specified on the plans.
