

The existing 3 span monolithic deck and concrete t-beam structures were constructed in 1958 as section 51,23HB5 at sta. 741+37.82. SN 051-0016 carries FAP-327 westbound (US-50) and SN 051-0017 carries FAP-327 eastbound (US-50). The proposed project consists of new expansion joints, partial and full depth deck patching, structural repair of concrete and microsilica concrete overlay and bearing replacement.
