FAU ROUTE 9228 (25TH ST/CH 52) SECTION 29PS-3 ST. CLAIR COUNTY CONTRACT NO. 76U34

# STATE OF ILLINOIS

# SPECIAL PROVISIONS

The following Special Provisions supplement the "Standard Specifications for Road and Bridge Construction," adopted January 1, 2022, the latest edition of the "Manual on Uniform Traffic Control Devices for Streets and Highways," and the "Manual of Test Procedures for Materials" in effect on the date of invitation for bids, and the Supplemental Specifications and Recurring Special Provisions indicated on the Check Sheet included herein which apply to and govern the construction of FAU Route 9228 (25th St/CH 52), Section 29PS-3, St. Clair County, Contract No. 76U34, and in case of conflict with any part or parts of said Specifications, the said Special Provisions shall take precedence and shall govern.

FAU Route 9228 (25th St/CH 52) Section 29PS-3 St. Clair County Contract No. 76U34

#### LOCATION OF PROJECT

The project includes repairs to Well #4 of the existing deep groundwater wells along 25th Street. The well is located along 25th Street in East St. Louis, IL (St. Clair County) near the intersection of Interstate 64 and 25th Street.

#### **DESCRIPTION OF PROJECT**

This project consists of repairs to the stainless-steel casing pipe for existing Well #4.

- d. Removal and reinstallation of existing submersible well pump including pump end, motor, drop pipe and wire.
- e. Storage of all components and equipment to be reinstalled in a clean, dry, locked location on site or off site.
- f. Removal and disposal of existing stainless steel casing.
- g. New stainless steel casing welded in place.
- h. Grouting of annular space around new casing segment including temporary casing and grout.
- i. Airlifting of debris and sediment from well.
- j. Pumping test to confirm pump operation.
- k. Restoration of the area around the work site, including seeding.

#### PRE-BID SITE INSPECTION

There will be an opportunity to visit the existing well and site with the Department Project Management team and the Engineer. Please contact Rich Barbee at the Department (<u>Richard.Barbee@illinois.gov</u> or 618-346-3273).

### STATUS OF UTILITIES TO BE ADJUSTED

### NO UTILITIES TO BE ADJUSTED

The above represents the best information of the Department and is only included for the convenience of the bidder. The applicable provisions of Sections 102, 103, and Articles 105.07 and 107.20 of the Standard Specifications for Road and Bridge Construction shall apply.

If any utility adjustment or removal has not been completed when required by the Contractor's operation, the Contractor should notify the Engineer in writing. A request for an extension of time will be considered to the extent the Contractor's operations were affected.
