TOTAL			2

GENERAL NOTES

- The locations of Existing utilities as shown on the plan are for information only, and are not guaranteed. It shall be the Contractor's responsibility to ascertain their exact location from the utility companies and by field inspection.
- All steel posts in guardrails or transitions shall be 9 foot long.
- The thickness of the wood block spacers for the first post behind the abutments at the southeast and northwest approaches shall be altered to avoid conflict between the steel post and the abutment. The cost shall be included in the cost of Traffic Barrier Terminal, Type 6A or Traffic Barrier Terminal, Type 6A (Special).
- The ends of all guardrail terminals, Type 1 or Type 2 shall receive a Terminal Marker.
