Revise Article 108.05 (c) of the Standard Specifications as follows:

"When a completion date plus working days is specified, the Contractor shall complete all contract items and safely open all roadways to traffic by **11:59 PM on October 31, 2012**, except as specified herein.

The Contractor will be allowed to complete all clean-up work and punch list items within **10** working days after the completion date for opening the roadway to traffic. Under extenuating circumstances the Engineer may direct that certain items of work, not affecting the safe opening of the roadway to traffic, may be completed within the working days allowed for clean-up work and punch list items. Temporary lane closures for this work may be allowed at the discretion of the Engineer.

Construction Restriction: Narrow lanes, lane closures and permanent shoulder closures will not be allowed on I-55 between December 1, 2011 and April 1, 2012. The Contractor will not be allowed to proceed with any construction operations prior to September 1, 2011. No permanent closure of Ramp 4 will be permitted prior to September 6, 2011.

Article 108.09 of the Standard Specifications for "Failure to Complete the Work on Time", if included in this contract, shall apply to both the completion date and the number of working days.
