LOCATION SKETCH

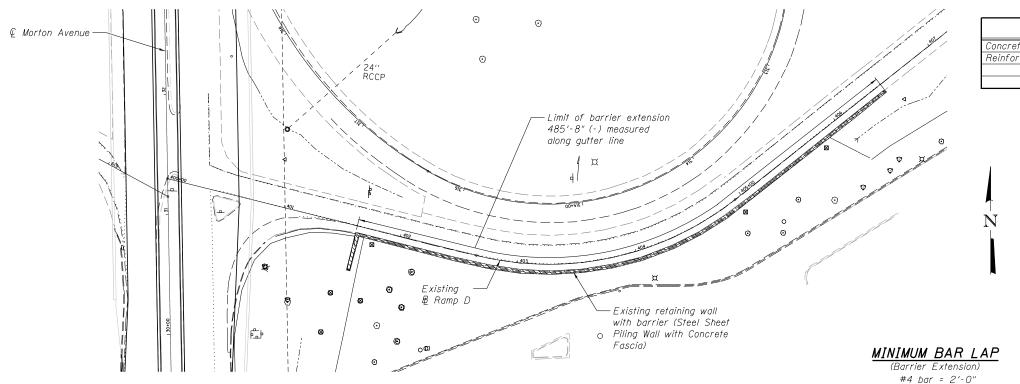

REINFORCEMENT BILL OF MATERIAL

Bar	No.	Size	Length	Shape
d40(E)	325	#5	**1'-0"	
e40(E)	36	#4	29'-0"	

Bars indicated thus 2x18-#4 etc. indicates 2 lines of bars with 18 lengths per line.

GENERAL NOTES:

- 1. Reinforcement bars designated (E) shall be epoxy coated.
- 2. The Contractor shall exercise care during drilling and grouting to ensure that the barrier's integrity will not be detrimentally impacted. The Contractor shall repair any damage(s) to the barrier caused by his operation as directed by the Engineer at no additional cost to the Department.
- 3. Plan dimensions and details relative to existing plans are subject to nominal construction variations. The contractor shall field verify existing dimensions and details affecting new construction and make necessary approved adjustments prior to construction or ordering of materials. Such variations shall not be cause for additional compensation for a change in scope of the work, however, the Contractor will be paid for the quantity actually furnished at the unit price bid for the work.
