Designer Note: The District Landscape Architect should be consulted to determine if tree replacement will be in the form of seedlings or ball and burlap trees. Existing trees to be removed on a project are replaced with ball and burlap trees on a 1:1 basis and a 1:3 basis for seedlings. Pay item code numbers for the specified trees are contained on the attached sheet.

SEEDLING MIXTURE A

Effective: May 5, 2000 Revised: November 1, 2008

This work shall consist of planting replacement seedling trees at the locations specified in the plans and in accordance with Article 253 of the Standard Specifications. Seedlings shall consist of an equal distribution of the following five species:

Kentucky Coffee
Northern Red Oak
Redbud
White Oak
Washington Hawthorn

This work will be paid for at the contract unit price per Unit for SEEDLINGS MIXTURE A.
