

44003e

440.03e

Designer Note: This special provision requires the Contractor to mill before patching. It should be discussed with your Project Engineer and Implementation prior to use. Do not use General Note 406.18 "Butt Joint Time Restriction" when this special provision is used.

PAVEMENT PATCHING WITH HOT-MIX ASPHALT SURFACE REMOVAL

Effective March 1, 1997 Revised January 1, 2007

The Contractor shall complete the hot-mix asphalt surface removal prior to pavement patching.
