REQUIREMENTS WHEN WORKING WITH THE RAILROAD

Effective: April 1, 2016

Special attention is brought to Section 100 of the "*Standard Specifications for Road and Bridge Construction*" regarding working with the Railroad and the authority of the Railroad Engineer as defined. The Contractor shall make themselves aware of all the rules and regulations the railroad may have regarding, but not limited to, working restrictions, safety training, safety procedures and flagger scheduling and call-off requirements. The Contractor shall also submit, to the Railroad, copies, for review and approval, of the structure demolition plans, beam erection plans and other work plans that may directly impact the Railroad facilities. This submittal shall happen concurrently when submitting to the Department.

The cost to comply with any requirements the Railroad may have in order to perform work on this project shall be considered included in the cost of the contract items and not additional compensation will be allowed.
