REQUIREMENTS WHEN WORKING WITH THE RAILROAD

Effective: April 1, 2016

Special attention is brought to Section 100 of the "*Standard Specifications for Road and Bridge Construction*" regarding working with the Railroad and the authority of the Railroad Engineer as defined. The Contractor shall make themselves aware of all the rules and regulations the railroad may have regarding, but not limited to, working restrictions, safety training, safety procedures and flagger scheduling and call-off requirements. The Contractor shall also submit, to the Railroad, copies, for review and approval, of the structure demolition plans, beam erection plans and other work plans that may directly impact the Railroad facilities. This submittal shall happen concurrently when submitting to the Department.

The cost to comply with any requirements the Railroad may have in order to perform work on this project shall be considered included in the cost of the contract items and not additional compensation will be allowed.

LOCATION OF UNDERGROUND STATE MAINTAINED FACILITIES

Effective: August 3, 2007

Revised: July 31, 2009

The Contractor shall be responsible for locating existing and proposed IDOT electrical facilities (traffic signal, overhead lighting, Intelligent Transportation System, etc.) prior to performing any work at his/her own expense if required. The Contractor shall also be liable for any damage to IDOT facilities resulting from inaccurate locating.

The Contractor may obtain, on request, plans for existing electrical facilities from the Department.

The Contractor shall also be responsible for locating and providing protection for IDOT facilities during all phases of construction. If at any time the facilities are damaged, the Contractor shall immediately notify the Department and make all necessary arrangements for repair to the satisfaction of the Engineer. This work will not be paid for separately, but shall be included in the contract bid price.

DATE OF COMPLETION (PLUS WORKING DAYS)

Effective March 1, 1990

Revised July 1, 1994

The Contractor shall schedule his operations so as to complete all work, except as specified below, and open all the roadway to traffic on or before September 1, 2018. The Contractor shall note that this completion date is based on an expedited work schedule. The Contractor will be allowed 30 working days, after the September 1, 2018 completion date for the completion of the remaining Stage 3 items as listed in the plans such as landscaping, removal of crossovers and related temporary drainage structures, median restoration, removal of the temporary lighting system, and punchlist items.
