RAIL POST DETAILS
8 Locations

Notes:

Plug all existing deck drains that are within $\pm 10'$ of the existing substructure. Locations shown on sheet 4.

Post shall be normal to parapet.
*In lieu of the cast-in-place anchor device shown, the Contractor has the option of drilling and setting stainless steel anchor rods of the same diameter and grade as the specified cap screws according to Article 509.06 of the Standard Specifications. Embedment shall be according to the manufacturer's specifications.

Removal and re-erection of the existing aluminum handrail, rail post, and all new applicable hardware, including labor and installation shall be included in the cost of Concrete Removal.
