Pat Quinn, Governor
Marc Miller, Director

March 8, 2011

SUBJECT: Item 1LR, March 11, 2010 Letting
Peabody Seminole / Midwest Coal Co. Reclamation Project
AML-GScE-0509, St. Clair County
Addendum A

NOTICE TO PROSPECTIVE BIDDERS

Included below is an addendum to the plans and proposal. This addendum involves revised and/or added material.

This addendum is a note to Contractors to clarify the use of, and responsibility for damages to, Lenzburg Township Roads that must be used to access the site.

ADDENDUM A

1. The township roads which provide access to the Seminole Mine have an eight (8) ton weight limit. The Department of Natural Resources will secure permission for the Contractor to utilize designated sections of Dutch Hill School Road and Golden Rule Mine Road for use by any trucks that are allowed or permitted to use the State and County Highways used to access the site.

The Contractor shall not be responsible for any costs for the use of or repair to the designated Township roads for reasonable use for access by trucks hauling equipment, personnel or construction materials used on the reclamation project. The Department of Natural Resources will reimburse the Township directly for the costs of reasonable repair that are required as a result of damages due to the Contractors reasonable and necessary use of the roads.

The designated access route on Lenzburg Township roads shall be the section of Dutch Hill Road between the site entrance and Golden Rule Mine Road and the section of Golden Rule Mine Road between its intersection with Dutch Hill Road and its intersection with Baldwin Road (County Highway 27).

Prime contractors must utilize this material when preparing their bid.

Sincerely,

Greg Pinto, P.E.
Acting Manager
Abandoned Mined Lands Reclamation Division
