

April 18, 2019

SUBJECT: FAP Route 339 (IL58) Project NHPP-S08V (749) Section 2018-078-RS Cook County Contract No. 62H12 Item No. 14, April 26, 2019 Letting Addendum A

NOTICE TO PROSPECTIVE BIDDERS:

Attached is an addendum to the plans or proposal. This addendum involves revised and/or added material.

- 1. Revised the Schedule of Prices
- 2. Revised page ii of the Table of Contents of the Special Provisions
- 3. Added pages 116-125 to the Special Provisions
- 4. Revised sheets 3-13, 15-27 and 27A of the Plans

Prime contractors must utilize the enclosed material when preparing their bid and must include any changes to the Schedule of Prices in their bid.

Very truly yours,

Jack A. Elston, P.E. Bureau Chief, Design and Environment

Setter abschleger P.E.

By: Ted B. Walschleger, P. E. Engineer of Project Management

Revised 4/18/2019

CONCRETE MEDIAN SURFACE REMOVAL

Description. This work shall consist of removing the existing concrete median surface as directed by the Engineer.

General. The contractor shall remove the existing concrete median surface. The existing compacted aggregate fill shall remain in place.

A full depth, perpendicular, straight joint shall be sawn at the ends and all edges of portions to be removed. Any damage done to the existing median surface to remain in place shall be repaired or removed and replaced as directed by the Engineer.

Disposal of Material. Materials resulting from the removal of existing median surface as herein specified shall be disposed of according to Article 202.03.

Method of Measurement. This work will be measured for payment as follows.

- (a) Contract Quantities. The requirement for use of contract quantities shall be according to Article 202.07(a).
- (b) Measured Quantities. Median surface removal will be measured for payment in place and the area computed in square feet.
- Removal of median surface outside the designated limits as shown on the plans or as directed by the Engineer will not be measured for payment.

Basis of Payment. This work will be paid for at the contract unit price per square foot for CONCRETE MEDIAN SURFACE REMOVAL, which price includes furnishing all labor, material and equipment necessary to remove the existing median surface to the satisfaction of the Engineer.

HOT-MIX ASPHALT SURFACE REMOVAL, VARIABLE DEPTH

This work shall consist of the removal and satisfactory disposal of hot-mix asphalt surface. The depth of removal shall vary as shown on the plans. All work shall be done in accordance with Section 440 of the Standard Specifications and as directed by the Engineer.

Hot-mix asphalt surface removal, variable depth will be measured for payment in place and the area computed in square yards.

This work will be paid for at the contract unit price per square yard for HOT-MIX ASPHALT SURFACE REMOVAL, VARIABLE DEPTH.

FAP Route 339 (IL58) Project NHPP-S08V (749) Section 2018-078-RS Cook County Contract No. 62H12

REMOVAL AND DISPOSAL OF REGULATED SUBSTANCES

Description. This work shall consist of the removal and disposal of regulated substances according to Section 669 of the Standard Specifications as revised below.

<u>Contract Specific Sites</u>. The excavated soil and groundwater within the areas listed below shall be managed as either "uncontaminated soil", hazardous waste, special waste or non-special waste. For stationing, the lateral distance is measured from centerline and the farthest distance is the offset distance or construction limit, whichever is less.

Intersection of IL Route 58 (Golf Road) and Meijer Drive, Rolling Meadows, Cook County

• All excavation planned at the southwest quadrant, median island, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Meijer Drive. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Fernandez Avenue, Arlington Heights, Cook County

 All excavation planned at the northwest quadrant, northeast quadrant, southwest quadrant, south median island, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Fernandez Avenue. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Highland Avenue, Arlington Heights, Cook County

• All excavation planned at the northeast quadrant at the intersection of IL Route 58 (Golf Road) and Highland Avenue. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Milbrook Lane, Arlington Heights, Cook County

 All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Milbrook Lane Avenue. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Entrance Drive (IL 58, Station 47+20, LT), Arlington Heights, Cook County

 All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Entrance Drive (IL 58 Station 47+20, LT). The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Entrance Drive (IL 58, Station 47+30, RT), Arlington Heights, Cook County

 All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Entrance Drive (IL 58 Station 47+30, RT). The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Jewel Entrance Drive, Arlington Heights, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Jewel Entrance Drive. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Arlington Heights Road, Arlington Heights, Cook County

- All excavation planned at the northwest quadrant at the intersection of IL Route 58 (Golf Road) and Arlington Heights Road. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.
- All excavation planned at the northeast quadrant, southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Arlington Heights Road. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and International Plaza Entrance Drive, Arlington Heights, Cook County

• All excavation planned at the northwest quadrant, northeast quadrant, southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and International Plaza Entrance Drive. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Entrance Drive (IL 58, Station 67+75, RT), Arlington Heights, Cook County

 All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Entrance Drive (IL 58 Station 67+75, RT). The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Entrance Drive (IL 58, Station 68+35, LT), Arlington Heights, Cook County

 All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Entrance Drive (IL 58 Station 68+35, LT). The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Goebbert Road, Arlington Heights, Cook County

• All excavation planned at the northwest quadrant, northeast quadrant, southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Goebbert Road. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Meier Road, Mount Prospect, Cook County

• All excavation planned at the northwest quadrant, northeast quadrant, southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Meier Road. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Arbor Court, Mount Prospect, Cook County

• All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Arbor Court. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Grove Drive, Mount Prospect, Cook County

• All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Grove Drive. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Oakwood Drive, Mount Prospect, Cook County

• All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Oakwood Drive. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Busse Road, Mount Prospect, Cook County

• All excavation planned at the northwest quadrant, northeast quadrant, southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Busse Road. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Delineator Removal - IL Route 58 (Golf Road) Mount Prospect, Cook County

• Station 119+70 to Station 120+50 (CL IL 58), 0 to 10 feet RT. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Delineator Removal - IL Route 58 (Golf Road) Mount Prospect, Cook County

• Station 122+15 to Station 123+10 (CL IL 58), 0 to 10 feet LT. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Edgewood Lane, Mount Prospect, Cook County

 All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Edgewood Lane. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Robert Drive, Mount Prospect, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Robert Drive. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Waverly Avenue, Mount Prospect, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Waverly Avenue. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Cypress Drive, Mount Prospect, Cook County

• All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Cypress Drive. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Lancaster Street, Mount Prospect, Cook County

 All excavation planned at the northwest quadrant, northeast quadrant, southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Lancaster Street. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and We Go Trail, Mount Prospect, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and We Go Trail. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and See Gwun Avenue, Mount Prospect, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and See Gwun Avenue. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Na Wa Ta Avenue (west intersection), Mount Prospect, Cook County

 All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Na Wa Ta Avenue (west intersection). The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Delineator Removal - IL Route 58 (Golf Road) Mount Prospect, Cook County

 Station 149+25 to Station 150+10 (CL IL 58), 0 to 10 feet LT and 0 to 10 feet RT. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Na Wa Ta Avenue (east intersection), Mount Prospect, Cook County

 All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Na Wa Ta Avenue (east intersection). The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Delineator Removal - IL Route 58 (Golf Road) Mount Prospect, Cook County

 Station 150+50 to Station 151+40 (CL IL 58), 0 to 10 feet LT and 0 to 10 feet RT. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Linneman Road, Mount Prospect, Cook County

• All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Linneman Road. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Delineator Removal - IL Route 58 (Golf Road) Mount Prospect, Cook County

 Station 152+00 to Station 153+50 (CL IL 58), 0 to 10 feet RT. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Can-Dota Avenue, Mount Prospect, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Can-Dota Avenue. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Wa Pella Avenue, Des Plaines, Cook County

 All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Wa Pella Avenue. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Delineator Removal - IL Route 58 (Golf Road) Mount Prospect, Cook County

 Station 158+50 to Station 159+70 (CL IL 58), 0 to 10 feet RT. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Hilusi Avenue, Des Plaines, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Hilusi Avenue. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and I Oka Avenue, Des Plaines, Cook County

 All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and I Oka Avenue. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and IL Route 83 (Elmhurst Road), Des Plaines, Cook County

- All excavation planned at the southeast quadrant at the intersection of IL Route 58 (Golf Road) and IL Route 83 (Elmhurst Road). The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.
- All excavation planned at the northwest quadrant, northeast quadrant, and southwest quadrant at the intersection of IL Route 58 (Golf Road) and IL Route 83 (Elmhurst Road). The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Main Street, Des Plaines, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Main Street. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Beau Drive, Des Plaines, Cook County

• All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Beau Drive. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Shannon Court, Des Plaines, Cook County

 All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Shannon Court. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Maple Street, Des Plaines, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Maple Street. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Delineator Removal - IL Route 58 (Golf Road) Mount Prospect, Cook County

• Station 190+70 to Station 191+65 (CL IL 58), 0 to 10 feet LT and 0 to 10 feet RT. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Marshall Drive, Des Plaines, Cook County

• All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Marshall Drive. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals

Intersection of IL Route 58 (Golf Road) and Owen Street, Des Plaines, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Owen Street. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and William Street, Des Plaines, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and William Street. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Wilkins Drive, Des Plaines, Cook County

• All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Wilkens Drive. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Radcliffe Avenue, Des Plaines, Cook County

 All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Radcliffe Avenue. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Cumberland Parkway (west intersection), Des Plaines, Cook County

 All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Cumberland Parkway (west intersection). The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Cumberland Parkway (east intersection), Des Plaines, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Cumberland Parkway (east intersection). The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Washington Road, Des Plaines, Cook County

• All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Washington Road. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(1). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Entrance Drive (IL 58, Station 245+00, LT), Des Plaines, Cook County

• All excavation planned at the northwest quadrant, and northeast quadrant at the intersection of IL Route 58 (Golf Road) and Entrance Drive (IL 58 Station 245+00, LT). The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Intersection of IL Route 58 (Golf Road) and Wolf Road, Des Plaines, Cook County

• All excavation planned at the southwest quadrant, and southeast quadrant at the intersection of IL Route 58 (Golf Road) and Wolf Road. The Engineer has determined this material meets the criteria of and shall be managed in accordance with Article 669.05(a)(5). Potential contaminants of concern sampling parameters: VOCs, SVOCs and Metals.

Work Zones

Three distinct OSHA HAZWOPER work zones (exclusion, decontamination, and support) shall apply to projects adjacent to or within sites with documented leaking underground storage tank (LUST) incidents, or sites under management in accordance with the requirements of the Site Remediation Program (SRP), Resource Conservation and Recovery Act (RCRA), or Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), or as deemed necessary. For this project, the work zones apply for the following ISGS PESA Sites: **None**

Additional information on the above sites collected during the Phase I Engineering process is available through the District's Environmental Studies Unit (DESU).
