Illinois Department of Transportation

ADDENDUM NO. 1

Dated: July 27, 2009

For: Transportation Bulletin
Volume 12 No. 26r4

Dated: July 9, 2009 Revised: July 22, 2009
Letting Date: July 31, 2009

Item No. 8A

Quad City International Airport

Moline, Illinois

Taxiway P, Phase IV – East End Paving

III. Proj. No. MLI-3873

AIP No. 3-17-0068-XX

Contract QU011

REASON FOR ADDENDUM:

The pay item Refurbish Taxi Guidance Sign (AR125984) originally called for refurbishing signs that were to be installed on Project MLI-3854 (Taxiway P, Phase II-Middle Paving), from incandescent signs to LED signs meeting the current FAA standards for constant illumination. Since the time that project MLI-3854 was bid it has been determined that the incandescent signs will be changed to LED signs thus eliminating the need to refurbish them. It has been further determined by FAA that this pay item can be used to change five (5) signs on this project. The special provision describing the work item has been modified to clarify the fact that the refurbished sign will actually be a new LED sign to be installed on an existing sign base.

TO ALL PLAN HOLDERS:

1. SECTION III SPECIAL PROVISIONS FOR TAXIWAY P, PHASE IV-EAST PAVING, PAGE 84, SECTION 125-3.14 AR125984 REFURBISH TAXI GUIDANCE SIGN:

ADD: This item shall include all work items that are necessary to remove the existing signs and supply and install new signs with LED lighting systems (including LED lamps and isolation transformers as required by the manufacturer). New signs shall meet the requirements of sections 125-2.16 and 125-3.70. Existing concrete sign bases (extend bases as required for new sign) and splice cans may be reused.

2. CONSTRUCTION PLAN SHEET 44 OF 74, TEMPORARY RUNWAY 10-28/ TAXIWAY P GUIDANCE SIGN PLAN:

DELETE: "Schedule of Existing Guidance Signs to be Refurbished" table.

3. ADD: Attached "Revised Schedule of Existing Guidance Signs to be Refurbished" table.
