April 20, 2022

SUBJECT  FAP Route 334 (US 12/IL 59)
          Project NHPP-1MYI(349)
          Section 2020-251-BR
          Lake County
          Contract No. 62N23
          Item No. 197, April 29, 2022 Letting
          Addendum C

NOTICE TO PROSPECTIVE BIDDERS:

Attached is an addendum to the plans or proposal. This addendum involves revised and/or added material.

1. Revised page ii of the Table of Contents to the Special Provisions.

Prime contractors must utilize the enclosed material when preparing their bid and must include any changes to the Schedule of Prices in their bid.

Very truly yours,

[Signature]

Jack A. Elston, P.E.
Bureau Chief, Design and Environment

MTS
BITUMINOUS MATERIALS COST ADJUSTMENTS (BDE)
Effective: November 2, 2006 Revised: August 1, 2017

**Description.** Bituminous material cost adjustments will be made to provide additional compensation to the Contractor, or credit to the Department, for fluctuations in the cost of bituminous materials when optioned by the Contractor. The bidder shall indicate with their bid whether or not this special provision will be part of the contract.

The adjustments shall apply to permanent and temporary hot-mix asphalt (HMA) mixtures, bituminous surface treatments (cover and seal coats), and preventative maintenance type surface treatments that are part of the original proposed construction, or added as extra work and paid for by agreed unit prices. The adjustments shall not apply to bituminous prime coats, tack coats, crack filling/sealing, joint filling/sealing, or extra work paid for at a lump sum price or by force account.

**Method of Adjustment.** Bituminous materials cost adjustments will be computed as follows.

\[
CA = (BPI_p - BPI_L) \times (\%AC_v / 100) \times Q
\]

Where:
- \(CA\) = Cost Adjustment, $
- \(BPI_p\) = Bituminous Price Index, as published by the Department for the month the work is performed, $/ton ($/metric ton).
- \(BPI_L\) = Bituminous Price Index, as published by the Department for the month prior to the letting for work paid for at the contract price; or for the month the agreed unit price letter is submitted by the Contractor for extra work paid for by agreed unit price, $/ton ($/metric ton).
- \(\%AC_v\) = Percent of virgin Asphalt Cement in the Quantity being adjusted. For HMA mixtures, the \(\%AC_v\) will be determined from the adjusted job mix formula. For bituminous materials applied, a performance graded or cutback asphalt will be considered to be 100\(\%\) \(AC_v\) and undiluted emulsified asphalt will be considered to be 65\(\%\) \(AC_v\).
- \(Q\) = Authorized construction Quantity, tons (metric tons) (see below).

For HMA mixtures measured in square yards: \(Q\), tons = \(A \times D \times (G_{mb} \times 46.8) / 2000\). For HMA mixtures measured in square meters: \(Q\), metric tons = \(A \times D \times (G_{mb} \times 1) / 1000\). When computing adjustments for full-depth HMA pavement, separate calculations will be made for the binder and surface courses to account for their different \(G_{mb}\) and \(\%AC_v\).
For bituminous materials measured in gallons:  
\[ Q, \text{ tons} = V \times 8.33 \text{ lb/gal} \times SG / 2000 \]

For bituminous materials measured in liters:  
\[ Q, \text{ metric tons} = V \times 1.0 \text{ kg/L} \times SG / 1000 \]

Where:
- \( A \) = Area of the HMA mixture, sq yd (sq m).
- \( D \) = Depth of the HMA mixture, in. (mm).
- \( G_{mb} \) = Average bulk specific gravity of the mixture, from the approved mix design.
- \( V \) = Volume of the bituminous material, gal (L).
- \( SG \) = Specific Gravity of bituminous material as shown on the bill of lading.

**Basis of Payment.** Bituminous materials cost adjustments may be positive or negative but will only be made when there is a difference between the \( BPI_L \) and \( BPI_P \) in excess of five percent, as calculated by:

\[ \text{Percent Difference} = \left\{ \frac{(BPI_L - BPI_P)}{BPI_L} \right\} \times 100 \]

Bituminous materials cost adjustments will be calculated for each calendar month in which applicable bituminous material is placed; and will be paid or deducted when all other contract requirements for the work placed during the month are satisfied. The adjustments shall not apply during contract time subject to liquidated damages for completion of the entire contract.
