We acknowledge receipt of your January 24, 1995 memorandum requesting our review of the Commonwealth Edison Company's Highway Permit Applications and Plans for the City of Kankakee. We have completed our computer simulation of the proposed lighting installations and we have the following comments:

1. The I.E.S. Classification for all proposed luminaries shall be medium, Type III, Cutoff.
2. In general, the uniformity of horizontal illuminance is acceptable.

We recommend approval of the three Commonwealth Edison Company highway lighting permit applications. If additional information is needed, please do not hesitate to contact Felix Amoakon at (217)782-7688.
