

**Notes:**

1. Level of Service (LOS) estimates are based on HCM 2000 thresholds for V/C ratio
2. LOS estimates generated by 2007 Existing Travel Demand Model.
3. Travel Model LOS estimates adjusted for selected segments based on field observations to reflect existing conditions

- Study Area
- 2007 Congested Roadway Segments (P.M. PEAK PERIOD: 4:00 PM - 6:00 PM)**
- Moderate Congestion (LOS D)
- Severe Congestion (LOS E)
- Extreme Congestion (LOS F)

**Elgin O'Hare - West Bypass  
Congested Tollways and Interstate/Freeways - P.M. Peak Period - 2007  
Exhibit 4**
